Subject: Clarify additional information for 2nd quarter, 2009 Financial Statements.

To: President

The Stock Exchange of Thailand

CC: Corporate Finance Department

Securities and Exchange Commission

Regarding to the 2nd quarter Financial Statements ended June 30, 2009 of Thai Yuan Metal Public Co., Ltd submitted on August 13, 2009, presented compensation for guarantee selling price of inventory amounted Baht 25.5 million and additional provision for doubtful account amounted Baht 11.8 million in the Statement of Income in this quarter, we would like to clarify more details as follows:-

1. Compensation for guarantee selling price of inventory was money which the company could claim from one client, with no relationship, who used to have selling contract with company, and had commitment to buy that special lot of inventory, but when it was due that client postponed the order. The Company had to gradually dispose that inventory by selling to other client. The difference price between committed and the actual selling price was claimed from that client for the quantity that already sold, and the company had already collected Baht 25.5 million in the 2nd quarter of 2009.
2. For additional provision for doubtful account amounted Baht 11.8 million was the periodical review of balance of debts in the 2nd quarter of 2009 of 3 debtors, in order to appraise the aging of receivables, and provide additional provision in line with the Company policy when aging was over limit. However, the pursuing of debts has been carrying on as normal.

Please be informed accordingly.

Sincerely yours,

Thai Yuan Metal Public Company Limited
